(M.Sc) Data Science

Northumbria University, Newcastle
2024

(B.Eng) Electrical/Electronic Eng

Federal University of Technology, Akure.
2012

SKILLS

- Python, R, SQL
- Advanced proficiency in data analysis and visualisation
- Slack, Teams, Jira, Asana, Microsoft Project
- Data Analysis, Data Mining, Data Modelling
- Excel, Tableau, Power BI, Looker
- ML Frameworks (TF, PyTorch) | Spark
- LLM | NLP | HuggingFace
- Statistical Techniques (includes A/B Testing)
- Project Management, Communication

PROJECT

- Fact Extraction and Verification with BERT Using FAISS
- Breast Cancer Classification Using ML Models
- Time Series analysis of Violent Crime in Lockdown Britain

WORK EXPERIENCE

DATA ANALYST | MEDIABRIDGE LTD. (2024 – present)

- Influenced cross-departmental initiatives to streamline operations. Cutting timelines by improving user onboarding efficiency.
- Developed and deployed dashboards, reports, and data visualisations, to support business intelligence and analytics.
- Anchored training programs, reducing support resolution times, and elevating customer satisfaction through prompt, clear responses to queries.
- Collaborated with internal teams to implement A/B testing for product releases, minimising disruptions and ensuring smooth feature adoption, achieving a high NPS score.

DATA ANALYST - CONSULTING | TRIDUO TECH (2019 – 2024)

- Analysed team performance data to identify areas for improvement. This led to the development of new processes and tools that increased the team's productivity and response time to customer inquiries.
- Collected feedback to identify opportunities for improvement. By implementing changes based on this feedback and developing an SOP, I streamlined operations and enhanced the overall customer experience.

SENIOR MANAGER, PROGRAMMING / SCHEDULING | CANAL+ / ROK (2018 – 2024)

- Executed upsell programs and strategic customer engagement initiatives that drove product penetration, increased sales, and reduced churn through in-depth trend analysis and best practice adoption.
- Identified and addressed product gaps by collaborating with the Product team, using Scrum principles to prioritise feature enhancements, resulting in an increase in merchant satisfaction.

MANAGER, PROGRAMME SCHEDULING | IROKO TV (2015 – 2018)

- Managed cross-functional teams to deliver customer success initiatives across the fintech ecosystem, driving process improvements and increasing client satisfaction.
- Utilised customer feedback and consumer data analysis to refine workflows and improve client engagement strategies.

PROJECT EXECUTIVE | T.M.O (2013 – 2015)

- Developed and executed customer engagement campaigns across Sub-Saharan Africa, significantly increasing customer retention and loyalty in the streaming sector.
- Built strong relationships with customers by proactively addressing inquiries and resolving issues, ensuring seamless user experience.
